Africa Development is the quarterly bi-lingual journal of CODESRIA. It is a social science journal whose major focus is on issues which are central to the development of society. Its principal objective is to provide a forum for the exchange of ideas among African scholars from a variety of intellectual persuasions and various disciplines. The journal also encourages other contributors working on Africa or those undertaking comparative analysis of Third World issues.

Africa Development welcomes contributions which cut across disciplinary boundaries. Articles with a narrow focus and uncomprehensible to people outside that discipline are unlikely to be accepted.

The journal is abstracted in the following indexes: *International African Bibliography*; *Documentatieblad*; *Abstracts on Rural Development in the Tropics*; *Documentationseliens Africa*; *A Current Bibliography on African Affairs*.

Afrique et Développement est un périodique trimestriel bilingue du CODESRIA. C'est une revue de sciences sociales consacrée pour l'essentiel aux problèmes de développement et de société. Son objectif fondamental est de créer un forum pour des échanges d'idées entre intellectuels africains de convictions et de disciplines diverses. Il est également ouvert aux autres chercheurs travaillant sur l'Afrique et à ceux se consacrant à des études comparatives sur le Tiers-monde.

Afrique et Développement souhaite recevoir des articles mobilisant les acquis de différentes disciplines. Des articles 'trop spécialisés ou incompréhensibles aux personnes qui sont en dehors de la discipline ne seront probablement pas acceptés.

Les articles publiés dans le périodique sont indexés dans les journaux spécialisés suivants: *International African Bibliography*; *Documentatieblad*; *Abstracts on Rural Development in the Tropics*; *Documentationseliens Africa*; *A Current Bibliography on African Affairs*

NEW RELEASE CODESRIA BOOK SERIES

Ghana Under PNDC Rule analyses the changes in Ghanaian society under Rawlings's Provisional National Defence Council, the longest serving government in the country's turbulent history. Since 1981, Rawlings has become a favourite of the World Bank and the International Monetary Fund, and his government's Structural Adjustment Programmes have been judged as the most thoroughgoing and consistent in the world. What shape did this transition from 'revolution' to 'economic recovery' take? What has been the effect of these policies on the

Ghanaian economy, and more importantly, the Ghanaian people?

Very little has been written about the policies and outcomes of the Rawlings regime. This book, written by Ghanaian scholars is a vital contribution to the written history of Ghana. Topics include the crisis of 1981 and the retreat from democratic rule and the role of the state in achieving political objectives. Strategies of political mobilisation, are examined, as are the IMF and World Bank-influenced agricultural and economic policies. Changes in foreign policy and the law and the effects of PNDC policies on women and their impact on labour are also looked at in depth.

This book is essential reading for any student, scholar, individual or organisation who is interested in Military rule, impact of Structural Adjustment Programmes in Africa
