

BIBLIOGRAPHIE

Cette bibliographie n'est pas exhaustive, même si elle est assez longue. Elle ne couvre pas seulement l'ère de la compensation arabo africaine, mais aussi la théorie de l'intégration économique internationale, la coopération Sud Sud et la coopération intra-africaine et intra-arabe. Nous pensons aussi mettre un outil de travail à la disposition d'un public assez large, surtout en Afrique Noire où l'intérêt pour les recherches sur la connaissance et la coopération afro-arabe reste très limité, comme le montre cette brève bibliographie.
